# TESTIMONIAL

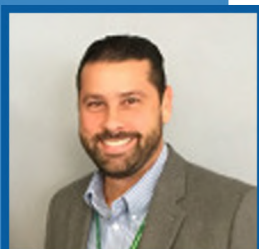

“Samarpan has helped us to improve our website and we are extremely impressed by the team’s efficiency, professionalism, technical knowledge, and devotion. Samarpan continuously completes the tasks ahead of schedule, and provide concrete feedback on how can we make our website even better. We are very happy about Samarpan’ services and would recommend them to all who need website design and development.”

**- Leo Robayo (Velox Insurance)**

“My Experience outsourcing Software and Mobile App development to Samarpan Infotech was a great one. They handled the process of developing my software proficiently and professionally. Working Sandip and his team was a great experience. We will certainly continue working with them.”

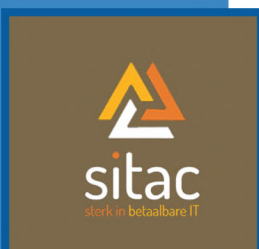

**- Randy Luton (Rateforce)**

“Exactly what I was looking for Web Designing (UI/UX). Krishna worked with me, even though we have 12 hours difference, she was able to get what I need by email and execute on it within the time frameset. Great quality and professionalism.”

**Angel Soto**

Senior Regional Sales Manager at DSI Systems Inc.

“Samarpan quality of work and professionalism greatly surpassed our expectations. Communication was constant and the whole team paid great attention to detail. Keep up the great work!”
